

5th grade Spanish: Blizzard Bag #1

Go to the Tagxedo or ABCya website (links below) to create a word cloud describing yourself and things you like in Spanish. All words must be in Spanish and spelled correctly. You must have at least 25 words, which can include descriptive adjectives, activities you like to do, and any other words that pertain to you. Feel free to experiment with shapes, colors, etc., depending on the features available. To receive credit print it out and turn it in to me. This assignment is due the next Spanish class after the Snow Day.
